I LOVE RICE, AND THAT'S WHY THERE ARE MANY RICE-EATING SCENES IN MY WORKS. THE REASON FOR THE LEAD ROLES BEING MEMBERS OF THE RICE RESEARCH SOCIETY IS ALSO DUE TO MY LOVE FOR RICE. EVEN THOUGH I DO LIKE BREAD AND NOODLES, THE RICE IS STILL MY MAIN STAPLE FOOD. ANY LONG LIVE RICE!

Hinata, who has just entered a university, is recently having good luck. She is dating Shiga, her first boyfriend, and days pass by with happiness. But one day, she found a black butterfly earring...

Everything changed when a Shinigami named Saburo came to get Shiga's life. Hinata tries with all her might to save Shiga. Actually, the earring she found belongs to Saburo...

Then, another Shinigami named Misao also appeared, and Hinata's campus life turns upside-down. During Rice Research Society's training camp, Shiga was charmed by Misao, and asked to break up with Hinata. Hinata was hurt, and vented her anger on Saburo, who then kissed her... Hinata quickly escaped from the situation and fled into the woods, and due to the rain, the ground caved in. What would Saburo do to rescue Hinata...?
